Version: 4.00 (replaces version 3.00)

Revision: 31.10.2023

SECTION 1: Identification of the substance/mixture and of the company/undertaking
1.1 Product identifier
Trade name: SONAX Brake+Parts Cleaner
Article number: 04833000, 04833410, 04837410, 04834000, 08364000-280 UFI: R050-H0TD-C00X-66D0 1.2 Relevant identified uses of the substance or mixture and uses advised against Application of the substance / the mixture Cleaning material/ Detergent Consumer uses: Private households / general public / consumers Professional uses Uses advised against There is currently no information available on this.
<b>1.3 Details of the supplier of the safety data sheet</b> <i>Manufacturer/Supplier:</i> SONAX GmbH Münchener Straße 75 D-86633 Neuburg (Donau) Tel.: ++49 (0)8431/53-0
<i>Further information obtainable from:</i> <i>Product safety</i> <i>E-mail: erp@sonax.de</i> <i>Phone: + +49 (0) 8431 53 217</i> <u><i>United Kingdom:</i></u> <i>Anglo American Oil Company Ltd</i> <i>58 Holton Road, Holton Heath Trading Park, Poole, Dorset, BH16 6LT</i> <i>Telephone: (+44) 01929 551557</i> <i>Email: info@aaoil.co.uk</i>
<b>1.4 Emergency telephone number:</b> <u>European Union:</u> +49 (0) 89 19240 (Poison Centre Munich) <u>United Kingdom:</u> 0344 892 0111 (UK NPIS) Members of Public in England, Scotland and Wales can contact NHS 111/NHS 24 by dialling 111 In Northern Ireland, contact your local GP

## SECTION 2: Hazards identification

	on of the substance or mixture ccording to Regulation (EC) No 1272/2008	
Aerosol 1	H222 Extremely flammable aerosol.	
	H229 Pressurised container: May burst if heated.	
Skin Irrit. 2	H315 Causes skin irritation.	
Eye Irrit. 2	H319 Causes serious eye irritation.	
STOT SE 3	H336 May cause drowsiness or dizziness.	
Aquatic Chronic	2 H411 Toxic to aquatic life with long lasting effects.	
Signal word Dai	nger	
C6-7 Alkane/Cyc propan-2-ol <b>Hazard stateme</b>	ents	
H222 Extremely	flammable aerosol.	(Contd. on page 2) GB —

Printing date 18.09.2024

Version: 4.00 (replaces version 3.00)

Revision: 31.10.2023

## Trade name: SONAX Brake+Parts Cleaner

	(Contd. of page 1
	ed container: May burst if heated.
H315 Causes s	
	erious eye irritation.
	se drowsiness or dizziness.
	aquatic life with long lasting effects.
Precautionary	
P101	If medical advice is needed, have product container or label at hand.
P102	Keep out of reach of children.
P210	Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.
P211	Do not spray on an open flame or other ignition source.
P251	Do not pierce or burn, even after use.
P261	Avoid breathing spray.
P271	Use only outdoors or in a well-ventilated area.
P273	Avoid release to the environment.
P280	Wear protective gloves/eye protection.
P305+P351+P3	338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if
	present and easy to do. Continue rinsing.
P312	Call a POISON CENTER/doctor if you feel unwell.
P405	Store locked up.
P410+P412	Protect from sunlight. Do not expose to temperatures exceeding 50 °C/122 °F.
P501	Dispose of contents/container in accordance with local/regional/national/international regulations.
Additional info	
	osive mixtures possible without sufficient ventilation.
2.3 Other haza	
	Tand vPvB assessment
According to inf classified as PE vPvB:	formation provided in the supply chain, the mix contains less than 0.1% of any substances 3T
According to inf classified as vP	
	of endocrine-disrupting properties
	mixture does not contain components considered to have endocrine disrupting properties
	K REACH Article 57(f) or Commission Delegated regulation (EU) 2017/2100 or Commission
Regulation (EU)	) 2018/605 at levels of 0.1% or higher.

aliphatic hydrocarbons		≥30%

auphatic hydrocarbons

Additional information: For the wording of the listed hazard phrases refer to section 16. Hydrocarbon mixture: Benzene content < 0.1% Cyclohexane is a part of the hydrocarbon mixture.

*n*-Hexane is a part of the hydrocarbon mixture.

## SECTION 4: First aid measures

4.1 Description of first aid measures General information: Take affected persons out of danger area and lay down. Remove soiled clothing After inhalation: Supply fresh air. In the event of irritation of the respiratory tract, dizziness, nausea or unconsciousness, call medical assistance immediately . After skin contact: Wash the areas of skin affected with water and a mild detergent. If symptoms persist consult doctor. After eye contact: Rinse opened eye for several minutes under running water. Then consult a doctor. After swallowing: Do not induce vomiting; call for medical help immediately. 4.2 Most important symptoms and effects, both acute and delayed Headache Dizziness Nausea Drowsiness Skin irritation Eye irritation

#### 4.3 Indication of any immediate medical attention and special treatment needed

Treatment in accordance with the doctor's assessment of the patient's condition. Symptomatic treatment.

### SECTION 5: Firefighting measures

5.1 Extinguishing media Suitable extinguishing agents: Foam Carbon dioxide Fire-extinguishing powder Water haze For safety reasons unsuitable extinguishing agents: Water with full jet 5.2 Special hazards arising from the substance or mixture Can form explosive gas-air mixtures. In case of fire, the following can be released: Carbon monoxide (CO) Carbon dioxide (CO2) 5.3 Advice for firefighters Protective equipment: Do not inhale explosion gases or combustion gases. Wear fully protective suit.

(Contd. on page 4)

Printing date 18.09.2024

## Safety data sheet according to UK REACH

Version: 4.00 (replaces version 3.00)

Revision: 31.10.2023

(Contd. of page 3)

#### Trade name: SONAX Brake+Parts Cleaner

Do not enter the hazardous area without a self-contained breathing apparatus. See Section 8 for information on personal protection equipment. **Additional information** Cool endangered receptacles with water spray.

Collect contaminated fire fighting water separately. It must not enter the sewage system.

### SECTION 6: Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures Ensure adequate ventilation For non-emergency personnel Keep away from ignition sources.
For emergency responders Wear protective equipment. Keep unprotected persons away.
6.2 Environmental precautions:

Do not allow to penetrate the ground/soil.
Inform respective authorities in case of seepage into water course or sewage system.
Do not allow to enter sewers/ surface or ground water.

6.3 Methods and material for containment and cleaning up:

Ensure adequate ventilation.
Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust).
Dispose contaminated material as waste according to section 13.
6.4 Reference to other sections
See Section 7 for information on personal protection equipment.
See Section 13 for disposal information.

### SECTION 7: Handling and storage

#### 7.1 Precautions for safe handling

Ensure good ventilation/exhaustion at the workplace. Buildup of explosive mixtures possible without sufficient ventilation. Information about fire - and explosion protection:

Keep ignition sources away - Do not smoke.

7.3 Specific end use(s) No further relevant information available.

Pressurized container: protect from sunlight and do not expose to temperatures exceeding 50°C. Do not pierce or burn, even after use. Do not spray onto a naked flame or any incandescent material. Highly volatile, flammable constituents are released during processing. Protect against electrostatic charges. **7.2 Conditions for safe storage, including any incompatibilities** 

Storage: Requirements to be met by storerooms and receptacles: Provide solvent resistant, sealed floor. Observe official regulations on storing packagings with pressurised containers. Information about storage in one common storage facility: Store away from foodstuffs. Observe local/state/federal regulations. Further information about storage conditions: Store receptacle in a well ventilated area. Store in a cool place. Heat will increase pressure and may lead to the receptacle bursting. Protect from heat and direct sunlight. Recommended storage temperature: 20 °C.

Organic peroxides	Void
Corrosive to metals	Void
Desensitised explosives	Void

## SECTION 10: Stability and reactivity

10.1 Reactivity No dangerous reactions known.

10.2 Chemical stability Stable under normal conditions.

10.3 Possibility of hazardous reactions Develops readily flammable gases/fumes.

10.4 Conditions to avoid

```
Pressurized container: protect from sunlight and do not expose to temperatures exceeding 50°C. Do not pierce or burn, even after use.
```

An increase in pressure may lead to bursting.

Keep ignition sources away - Do not smoke.

See Section 7 for information on safe handling.

10.5 Incompatible materials:

strong oxidizing agents

strong acids

10.6 Hazardous decomposition products: No dangerous decomposition products known.

#### **SECTION 11: Toxicological information**

**11.1 Information on hazard classes as defined in Regulation (EC) No 1272/2008 Acute toxicity** Based on available data, the classification criteria are not met.

#### LD/LC50 values relevant for classification:

Hydrocarbons, C6-C7, n-alkanes, isoalkanes, cyclics, <5% n-hexane

Oral LD50 >5,000 mg/kg (rat) (OECD 401)

#### Trade name: SONAX Brake+Parts Cleaner

#### Annex I - RESTRICTED EXPLOSIVES PRECURSORS (Upper limit value for the purpose of licensing under Article 5(3))

None of the ingredients is listed.

#### Annex II - REPORTABLE EXPLOSIVES PRECURSORS

None of the ingredients is listed.

#### National regulations:

Information about limitation of use:

Employment restrictions concerning juveniles must be observed.

Employment restrictions concerning pregnant and lactating women must be observed.

15.2 Chemical safety assessment: A Chemical Safety Assessment has not been carried out.

SECTION	16: Oth	her info	ormation
---------	---------	----------	----------

This information is based on our present knowledge. However, this shall not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship.

#### Relevant phrases

H225 Highly flammable liquid and vapour. H281 Contains refrigerated gas; may cause cryogenic burns or injury.

- H304 May be fatal if swallowed and enters airways.
- H315 Causes skin irritation.

H319 Causes serious eye irritation.

H336 May cause drowsiness or dizziness.

H361f Suspected of damaging fertility.

H373 May cause damage to organs through prolonged or repeated exposure.

H400 Very toxic to aquatic life.

H410 Very toxic to aquatic life with long lasting effects.

H411 Toxic to aquatic life with long lasting effects.

## Classification according to Regulation (EC) No 1272/2008

Aerosols, Section 2.3.1	On basis of test data
Skin corrosion/irritation Serious eye damage/irritation Specific target organ toxicity (single exposure) Hazardous to the aquatic environment - long-term (chronic) aquatic hazard	The classification of the mixture is generally based of the calculation method using substance data according to Regulation (EC) No 1272/2008.
